Good Bye Mr Kendal

Composer and Lyricist: Sally Kee Feb 2017

When you think of Mister Kendal, what springs to mind?
Someone who is funny, sometimes strict but always kind.
Telling silly jokes and doing magic tricks and riding unicycles in the hall!
He can juggle and make animals from balloons,
And loves to hear us singing hymns though he can't hold a tune!
He helps us be the best that we can possibly be,
He's firm but fair and full of faith.

Mister Kendal we've learnt lots from you,
Your actions modelled Christian values through and through.
You've taught us to respect the whole human race
And made St Joe's an AMAZING place!
So now we'll miss you but we'll always know,
There's a place inside your heart for us wherever you may go.
We wish you lots of luck and pray for you today,
As you leave us all behind this sad, sad day.

Dear God, Bless Mister Kendal and keep him safe and well,
He's been a great Head Master as his legacy will tell.
We pray his light will always shine to help all children be,
Secure and safe and confident in God's great family.
