

Children Rap for Peace

By Sally and Adam Kee

1. Politicians talk, talk leads to war,
Ask all the children, 'What is it for?'
'Where's my daddy?' they all say
'Gone to war he'll be back one day!'

*Peace, peace we all want peace,
We'll do all it takes 'cos we all want peace.*

2. Why can't the world live in harmony?
We should all join hands across the sea.
Soldiers getting killed, young and old,
'When's the war over?' can't wait to be
told.

*Peace, peace we all want peace
We'll do all it takes 'cos we all want peace*

3. Children dying, mothers crying,
Fathers in their fighter planes flying
Dropping bombs and spreading hate,
Why not spread peace before it's too late?

*Peace, Peace we all want peace,
We'll do all it takes 'cos we all want peace!*
